

## 2019 Subject Index

---

Abdominal myomectomy .....	23
Adnexal lesion .....	165
Adnexal preservation.....	165
Androgenization.....	255
Anovulation.....	255
Anti-mullerian hormone.....	65
Anxiety.....	142
Assessment.....	170
Assisted reproductive technology.....	55
Attitudes .....	138
Bem Sex Role Inventory.....	138
Beta-human chorionic gonadotrophin.....	97
Biopsy.....	117
Bipolar cord coagulation.....	79
Bladder pain .....	117
Bleeding .....	123
Body mass index.....	89
Borderline ovarian tumors .....	224
C1q/tumor necrosis factor-related protein-5 .....	89
Cadaveric .....	243
Carcinosarcoma .....	154
Central nervous system.....	170
Cervical cerclage .....	272
Climacteric.....	178
Clinical characteristics .....	133
Cognitive behavioral therapy.....	178
Congenital abnormalities .....	170
Cortisol .....	218
Cystoscopy .....	117
Cytoreduction .....	62
Cytoreductive surgery.....	31
Darbepoietin.....	41
Deeply infiltrating endometriosis .....	133
Dental health .....	264
Developing world.....	106
Dissection.....	243
Donor programme .....	236
Donors .....	236
Double-balloon catheter .....	231
Education .....	243
Endometriosis.....	41, 133
Environmental .....	255
Enzian classification .....	133
Erythropoietin.....	41
Ethics .....	236
Female students .....	138
Fertility preservation .....	196
Fibroid .....	15, 55, 211
First trimester.....	37
First trimester screening.....	97
Free-androgen index .....	89
Gender-role orientation.....	138
Genetic factors .....	255
Gestational hypertension .....	106
Granulosa cell ovarian tumor .....	247
Gynecologic .....	123
Hemostasis .....	23
Hemostatic tourniquet .....	23
HIPEC .....	213
Huge myoma .....	211
Hydrodistension .....	117
Hyperandrogenism .....	255
Hypogastric .....	123
Hysterectomy.....	15, 165
In vitro fertilization .....	55, 97
Infertility .....	255
Infertility treatment .....	84
Insulin resistance .....	89
Interstitial laser .....	79
Interval .....	272
Intracytoplasmic sperm injection .....	97
Intrauterine insemination .....	1
Iodine deficiency.....	37
Intrauterine death .....	147
Labor induction.....	231
Laparoscopy .....	272
Leiomyoma.....	55
Leiomyosarcoma .....	154
Leptin .....	218
Liver .....	62
Malignant degeneration .....	84
Management.....	213
Mature cystic teratoma.....	84
Menopause .....	178
Menstruation.....	138
Meta-learning.....	70
MIRCERA .....	41
Minimally invasive .....	8
Misoprostol .....	23
Monochorionic .....	79

## 2019 Subject Index

---

mTOR .....	247	Rational drug treatment .....	65
national program.....	196	Re-operation.....	165
Neoadjuvant chemotherapy .....	31	Receptor activator.....	41
Neonatal death.....	70	ReCoDe intrauterine fetal demise.....	106
Neurosurgical procedure .....	170	Recurrence .....	213
Nuchal translucency .....	97	Relapse.....	213
Occupational .....	255	Residual.....	213
Oncofertility .....	196	Risk factors .....	15
Oocyte donation.....	236	Risk factors of preterm birth.....	70
Oocyte-embryo freezing .....	196	Robotic myomectomy .....	211
Oral care.....	264	Salpingectomy.....	47
Ovarian cancer.....	47, 62, 247	Salpingo-oophorectomy.....	47
Ovarian capacity .....	65	Sarcoma .....	15, 154
Ovarian carcinoma .....	213	Selective fetal reduction.....	79
Pelvic .....	123	Single twin demise .....	147
Pelvis.....	243	Sperm parameters .....	1
Perinatal outcomes .....	147	St. John's wort .....	65
Perioperative outcomes .....	8	Stacked ensemble .....	70
Phenotyping.....	117	Stacked generalization .....	70
Polycystic ovary syndrome.....	255	Stage .....	224
Polycystic ovary syndrome.....	89	Stillbirth .....	106
Pont hepatique .....	62	Stress .....	218
Postoperative .....	142	Surgical findings .....	133
Postpartum.....	123	Survival .....	31, 154, 213, 224
Pregnancy .....	37, 97, 264	Symptoms .....	178
Pregnancy complications.....	218	Technique .....	272
Pregnancy outcomes .....	147	Total abdominal hysterectomy .....	142
Pregnancy rate.....	1	Total laparoscopic hysterectomy .....	142
Pregnancy-associated plasma protein-A.....	97	Transobturator .....	243
Prenatal diagnosis .....	170	Treatment modalities.....	196
Preoperative.....	142	Twin pregnancy .....	147
Preterm birth.....	70	Umbilical ligament.....	62
Primary prevention .....	47	Unfavorable cervix .....	231
Primary surgery .....	31	Uterine .....	15
Prognosis.....	154, 213	Uterine leiomyoma .....	23
Radiofrequency ablation.....	79	Uteroplacental insufficiency .....	106
Rapamycin .....	247	Vaginal hysterectomy.....	8
Rat.....	65
